

Hey Leaders!

We're so grateful for your heart to walk alongside others in community. This semester, we wanted to equip you with curated content based on the feedback our church provided on the Easter Survey. These recommendations are designed to help you choose a study that connects with what people in your groups may be experiencing right now, whether they're navigating challenges, hungry for purpose, or looking to strengthen their families through God's word.

Below, you'll find suggested curriculum for **Men's**, **Women's**, and **Marriage** groups. Each section includes recommendations to help you prayerfully consider what might serve your group best.
